Team Leader Supervisor Engineer · Romanian Railways National Society · Iași

Decembrie 1992 - Septembrie 2003 · 10 ani 10 luni

I'm very familiarised with laboratory tests and with analysis supervising activity. I also I am very familiarised with reverse osmosys and with the rest of sewage waters treating processes. Since December 1992 until September 2003 I trained many many of the working personnel in all the subordinate unities making their environmental documentations, I controlled their work and in the same time I and other work colleagues were doing controls on the field each person in his competence area. My inspections were concentrated on the quality protection of the water, of the soil and of the air.
